

Senior Resource Geologist - Indonesia

CSA Global is a leading geological, mining and management consulting company with 25 years experience in the global resources industry.

We cover all stages of the exploration and mining cycle and have extensive experience on projects throughout Australia, Asia, Africa, UK, Europe and the Americas. We are a rapidly expanding company with offices currently located in Perth, Darwin, Brisbane, Jakarta and London. CSA Global has a flexible and dynamic work environment, focused on teamwork and matching staff skills and interests with projects.

We are seeking high calibre Geologist who can develop innovative solutions for our clients.

About the Role

The role of Senior Resource Geologist is based in Jakarta, Indonesia and reports to the President Director of PT CSA Global Indonesia with direction and support from the Director –Resources & Mining Geology in Perth, Australia. The role will be responsible for assisting in ongoing work on established projects and working together with the team to expand and establish new business in the region.

The incumbent will be required to prepare Mineral Resource estimates to JORC and NI43-101 reporting requirements, and carry out audits and due diligence studies on Mineral Resources. Mentoring of other geological staff in these areas will be expected.

About You

Minimum Requirements:

- Bachelor of Science degree in Geology
- 7 years or more experience in the mining industry as a Mine/Exploration/Resource Geologist
- Ability to provide leadership and mentoring for a team of geologists, and to be able to do this with passion and enthusiasm
- High level experience with mining software packages, eg Surpac, Datamine or other.
- Experience in gold and base metal geology, including mine geology, is highly desirable
- Competent Person status for Mineral Resource estimation reporting, to JORC and NI43-101 reporting requirements.

CSA Global has a great company culture and rewards those who take a genuine interest in their work and the business in general. Apart from competitive salaries, CSA Global provides a supportive life balance environment including flexible hours, training, career development opportunities and both short and long term performance incentives.
