

CSA Global
Mining Industry Consultants
an ERM Group company

CORPORATE

Delivering global corporate solutions and advice
to help drive successful projects in mining.

CSA Global (an ERM Group company) is a geological and mining consulting company providing strategic services and advice to companies in the global minerals sector.

We have more than 35 years international experience across all mineral commodities with offices located in Australia, Canada, Indonesia, Ireland, South Africa and the United Kingdom.

CORPORATE

CSA Global provides expert technical assessment, valuation and independent reporting services to groups seeking to assess the value, risks and opportunities associated with their mineral investment opportunities. Our clients include investment banks, private equity firms, financial and legal groups, private investors, asset owners, miners and exploration companies.

Our corporate services team draws together the experience of a diverse group of mineral experts with detailed knowledge of various mining jurisdictions.

We are in a position to offer sound advice with an in-depth understanding of international reporting codes, independent expert reporting requirements, valuation methods and due diligence techniques.

CSA Global provides corporate advice to companies with projects at all stages of the exploration and mining cycle. We offer clients thorough analysis of key technical and operational considerations and assess their impact on project viability.

We focus on key issues that drive successful projects and seek to impart the knowledge and confidence necessary to reach a final investment decision.
